Linda Bertuzzi Polio Plus in India

I have been really blessed to have been involved with Rotary's Polio Plus program with my travels to the remote villages in India for the last five years to administer the Polio vaccine – just two drops for each child. This program was begun over 35 years ago with a focus on eradicating Polio from the face of the planet and at that time nearly 1,000 new cases of Polio were being reported daily. We are now under 20 for the entire world, year-to-date, and while the work must continue until we have zero for three consecutive years, this program has gone beyond the Polio vaccines. Thanks to the vision of Rotary Dream Team leaders PDG Elias Thomas of Maine and Rotarian Sanjiv Saran of Delhi, India, Rotarians from all over the world now come together as part of the Team to not only immunize the children of India, but also participate in the building of a water reservoir/retention dam to provide "sweet water" fed by the monsoons for the thousands of villagers. The hands-on work by Rotarians and friends has bridged the barriers of language to provide understanding and respect and provided a safe location for water harvesting, eliminating the need for the women to travel for hours to get water for their family. With the women now closer to home, this frees up the children from the confines of caring for their siblings and allows them to attend school. The water also provides a safe drinking supply, improving health for everyone in the village. My vision for the last few years has been to engage our youth, and not necessarily Rotarians, in this program and allow them to share in the experience of Service Above Self. This particular year was the most memorable with five wonderful young men and women working to change the lives of others, with smiles on their faces and joy in their heart as they worked tirelessly on the dam and immunized the babies. The story now can be told through the eyes of our children to inspire others and continue our work to build a better world.

MESSAGE FROM THE PRESIDENT

Dear Fellow Rotarians,

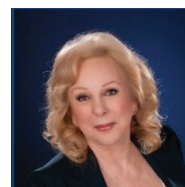

Given the topic of today's speaker, I thought I would turn my message to the subject of disease eradication in general, and Rotary's mission to eradicate polio specifically. Some of you may have seen that last month the famous epidemiologist D.A. Henderson passed away aged 87. He was made famous as the person in charge of the smallpox eradication effort conducted by the World Health Organization. When he began his efforts in 1966, 2 million people still died annually from the disease. By 1979, smallpox had been completely eradicated.

Similarly, Rotary's mission to eradicate polio began in 1985 and over the last 30 years we have managed to eliminate polio from all but one endemic country. However, until it is gone everywhere there always remains a risk that it can spread out once again, as unfortunately we just learned from a couple of new cases in Nigeria.

"Future generations", wrote Thomas Jefferson to Edward Jenner, the inventor of the smallpox vaccine successfully deployed by D.A. Henderson, "will know by history only that the loathsome smallpox has existed."

As we prepare to celebrate the 100th anniversary of The Rotary Foundation in 2017, let us keep that same vision in mind for our efforts against polio and look forward to a special celebration event next year!

REMEMBERING THALIA DONDERO

Thalia Dondero passed away September 4th at the age of 96. Thalia was one of two initial female members of our Rotary Club and has continued to be an honorary member. She is another great example of the amazing leaders this club attracts.

She was the first woman ever elected as a Clark County Commissioner and ultimately became chairman of that body. She served on the Nevada System of Higher Education Board of Regents from 1996 – 2008.

As a Clark County commissioner, she oversaw the expansion of McCarran International Airport and flood control projects. As chairwoman of the Las Vegas Valley Water District Board, she also helped ensure adequate water supplies. She also was on the Summerlin Hospital Board of Trustees and the Bureau of Land Management Resource Advisory Council.

Las Vegas Mayor Carolyn Goodman tweeted: "Thalia Dondero was a true Nevada pioneer, in leadership and for women ...devoted to education & community betterment with kindness for all."

The Las Vegas Rotary Club and the Las Vegas Community at large will miss Thalia.
