MESSAGE FROM THE PRESIDENT

Dear Rotarians,

Yesterday marked the winter solstice, or the shortest day of the year, for us here in the northern hemisphere. As a bit of astronomical trivia, the earth reaches its perihelion, or its closest pass to the sun right around this same day, placing us about 5 million kilometers closer to the sun now than in July. Of course here in Las Vegas it feels like we are ON the sun in July! This seemingly counterintuitive phenomena I think demonstrates the amazing power of tilt (or perspective if you will) over sheer distance (or size).

As Rotarians, we apply this same power of perspective over size in our approach to service. Although in the abstract it seems absurd than any single one of us could possibly solve global issues like poverty, polio or cleft palates, we understand that working together and applying our individual talents and treasure, we can and do change the world for the better.

So, as we enter this holiday season and enjoy time with our families and friends, let us also celebrate the gift of perspective we all share as Rotarians and thank our lucky stars that we are members of such an amazing organization with fellow thoughtful and caring people.

I wish each of you and your families a very Merry Christmas and Happy Hanukkah and want to express my sincere thanks for you being part of my life!

David Thorson
