## WHAT IS ROTARY?

*Rotary is a leadership organization of local business, professional and civic leaders. We meet regularly to form friendships and work together to improve the local and international community*

## Paul J. Kruger

### LVRC Foundation Program

Paul was born in Springfield, Massachusetts and attended the University of Massachusetts at Amherst. He was enrolled as a student in the School of Business with a Major in Business Management and a Minor in Labor Relations. Paul obtained a Bachelor of Business Administration degree (BBA) within three years and graduated in the top 5% of his class in May 1978. Before graduation he was invited and admitted into Beta Gamma Sigma National Honor Society, which is the highest scholastic honor a student of Business Administration can obtain. Upon graduation he was offered interviews at several large business firms and chose to accept an offer to become an employee of Bechtel Corporation's Western Power Division in Los Angeles, California in July of 1978. This required for him to move from Massachusetts to Southern California.

After working in their Business and Finance Department for one year, Paul was invited, interviewed, offered and accepted becoming the Senior Project Administrative Supervisor of Technology Transfer Operations, which was a newly formed Department. This opportunity meant Paul became responsible for supervision and training of over 1,800 foreign national Engineers during a period that lasted for over 10 years, when he ultimately became the Manager of Technology Transfer Operations. You see, Bechtel's Clients no longer wanted us to just design and build "Turn-key projects for them any more.

Paul's next project assignment was as the Project Controls Manager for the Miami International Airport's building and completion the new Power Generation Plant. When that project was finished, Paul next worked on the retrofit and expansion of Chevron's largest refinery in the world, which is located on the Southern Gulf Coast in Pascagoula, Mississippi. This was a \$3.9 billion project that was scheduled to last for at least 3 years to complete, but the economy went really south on petroleum projects so after 30 years of continuous employment with the Bechtel Corporation, Paul decided to retire early and move back to Las Vegas, where he still owned a home and soon thereafter rejoined the Las Vegas Rotary Club.

So what happened next? Bechtel called and offered him a really great opportunity. What was it? They offered him a newly created position of becoming Manager of Plant Operating Services! This meant not only for Power Plants that Bechtel had already designed and built but very possibly upgrading and retrofitting other non- Bechtel projects throughout the world too. So what did he ultimately decide to do? Why to try to relax and enjoy the rest of his mostly blessed life of course!

**MESSAGE FROM THE PRESIDENT**

Dear Rotarians

Recently, one of our club’s “snowbirds”, **Lamar Marchese**, reminded me that club members don’t always hear about club board decisions in a timely fashion. I can assure every member that it is not the intention of the board to make anybody feel “left out” – there is just not an easily accessible vehicle to communicate board decisions. With that being said, I would encourage every member to attend any club or Foundation board meeting if their schedule allows.

Here are some decisions that the club board approved over the past Rotary year:

- Approved a new contract for our Executive Director
- Approved various community grants to local non-profit organizations as well as the schools our club supports
- Made several minor changes to the club bylaws including:
  - o Approval of “make-ups” for club members who “attend” our weekly Facebook livestream
  - o Added to existing bylaws to clarify that “classification alone shall not be a valid reason for an objection to [proposed] membership”
  - o Approved electronic voting for club elections
- Reviewed and voted on several new projects proposals
- Created a Continuing Resolution for the annual Tiberti scholarship
- Approved \$8,600 to train medical professionals in Nicaragua and \$1,400 to provide technical support to the deaf in Kenya
- Applied for, and received, a \$1,000 Lefler grant that was given to Beckley Elementary
- Clarified 25Club points system
- Approved a “pay now” button for our club website
- Approved a motion to sponsor the new Las Vegas After Hours Rotary Club

These meetings, and the financial statements, are open to any interested member. Our next club board meeting will be on April 19 after the regular weekly meeting, and the next Foundation board meeting will be on April 26.

Las Vegas Rotary Club

**95th Anniversary Celebration**

Thursday, April 5, 2018

Las Vegas  
**Rotary**  
Club

*Since 1905, the work of Rotary International's fellowship of business men and women has advanced goodwill and peace throughout the world. In pursuit of this ideal, members of the Rotary Club of Las Vegas have made "Service above Self" the cornerstone of their mission for the past 95 years; improving the quality of life for thousands in Southern Nevada by supporting health and youth education initiatives and by helping the disadvantaged through a variety of projects.*

*Join us for a celebration of our club's historic milestone with original club artifacts and a multimedia retrospective provided by UNLV Library Special Collections.*

**Thursday, April 5, 2018**

**6:00 p.m.**

**Lawry's Prime Rib**

*\$40 for members and \$60 for guests*

RSVP to Shawn Noorda by Thursday, March 15th
