### Nevada Medical Center's Global Science of Play Institute

Kristy Keller joined the Moonridge Group team in December 2016 after a rewarding and successful career with the Clark County School District. During her time with the District she was a special education teacher, dean of students, assistant principal, and principal of both a comprehensive middle and high school. Prior to her recent retirement, she was an assistant

superintendent responsible for the supervision of 23 District schools. She has a bachelor's degree in special education and a master of science degree in educational leadership. As a public servant, Kristy conducted her work as chief child advocate and is inspired to continue exercising her leadership and advocacy skills with the Moonridge Group team especially as it relates to the Nevada Medical Center and the Global Science of Play Institute. Moonridge Group has the good fortune to facilitate the work of the Nevada Medical Center (NMC), a non-profit organization dedicated to improving the quality of and access to healthcare in Nevada. One of the areas of focus within NMC is the Global Science of Play Institute (GSPI) where she is working with the NMC Board of Directors, executive team, and key strategists to raise awareness and educate others on the overall value and benefits of play for all. Kristy has been married to her husband, Greg for over 25 years and enjoys spending time with her four-legged friends and family.

## MESSAGE FROM THE PRESIDENT

Rotary International has six overlapping areas of focus that help improve the human condition in third world countries. One of the areas of focus is improving local economies. Rotary International focuses on local economies because nearly 800 million people live on less than \$1.90 a day. That is less than the cost of a cup of coffee at Starbucks.

Rotary International through the Rotary Foundation strives to strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities. Rotary International does this by providing training and access to well-paying jobs and financial management institutions. Rotary International selects projects that help individuals overcome obstacles to their success. Rotary projects include bringing solar lights to remote, off-the-grid homes, allowing people to work and learn at night; providing individuals with microloans to allow them to become street vendors, rickshaw drivers, weavers, and tailors; and loaning entrepreneurs in rural communities money to buy livestock or plant crops, or get training in sustainable farming.

The Rotary Foundation spent \$9.2 million to grow local economies and reduce poverty last year. Your pledges to the Rotary Foundation helped to make meaningful changes to lives around the world.

The journey traveled by **Mr. Frost** was described in poignant detail, including bits of humor and determined organization, from his rescue from the accident site, to his hospitalization and rehabilitation, to his lessons learned, clearly made his audience reflect and provide inspirational insight. The 5 lessons learned, (1) nobody wants to take care of or work for 'a jerk'; (2) be the hope; (3) that things don't happen to you, but rather for you; (4) don't listen to 'they'; and (5) the two things you can control; your effort and your attitude are words to live by resonated with everyone in the room
- **President Jim** presented our speaker with a "Share What You Can" award to benefit a veteran in need and then adjourned the meeting.
