### Three Square

Dorian Stonebarger is a graduate of the University of Nevada, Las Vegas where she received a Bachelor of Science Degree in Nutrition, and a Master of Arts in Urban Leadership. She is currently the Program Director at Three Square Food Bank, working on developing internal leadership programs while overseeing all childhood nutrition programs that give kids access to food outside of school

hours combined with nutrition education. She implemented one of Three Square's newest school catering entities, which has become a social enterprise for the food bank. A native of Las Vegas and a lifelong advocate of proper nutrition, Dorian worked on local initiatives that improved Nevada's food systems such as the reclamation of unopened food from Clark County School District schools, the passing of Senate Bill 503 which ensures that Nevada's most at-risk students have access to breakfast every morning, and joined the Nevada Department of Education and other panelists in creating the current nutrition education standards for high school students. Dorian is an active member of the Junior League of Las Vegas, a women focused organization, serving on the Board as Vice President of League Operations. She has also served on the Grow/Feed Subcommittee of the Governor's Council on Food Security.

## MESSAGE FROM THE PRESIDENT

On November 19, 1863 the Gettysburg Address was delivered by Abraham Lincoln. Although it was only 272 words, it was one of President Lincoln's greatest speeches.

"Four score and seven years ago our fathers brought forth on this continent, a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battle-field of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we can not dedicate -- we can not consecrate -- we can not hallow -- this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us -- that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion -- that we here highly resolve that these dead shall not have died in vain -- that this nation, under God, shall have a new birth of freedom -- and that government of the people, by the people, for the people, shall not perish from the earth."
