MESSAGE FROM THE PRESIDENT

In recognition of Veteran's Day, our club is honoring our Veterans with our special meeting led by Ted McAdam and PP Steve Linder, both veterans of the Air Force and Marine Corp respectively. The LVRC would like to thank our club veterans, all other veterans and active duty servicemembers for their selfless dedication to preserving our precious freedom.

President Ronald Reagan once said, "Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same." Having a strong military to defend us is paramount.

How and when did the United States first dedicate a day to Veterans? Veterans Day was originally known as "Armistice Day" on Nov. 11, 1919, the first anniversary of the end of World War I. In 1926, Congress passed a resolution for an annual observance. November 11 became a national holiday beginning in 1938. Unlike Memorial Day, Veterans Day pays tribute to all American veterans, living or dead, but especially gives thanks to living veterans who served their country honorably during war or peacetime.

Since its founding in 1776, the United States has fought in approximately a dozen major wars. Every generation of Americans has witnessed combat in one form or another. As such, tens of millions of Americans have suited up for the armed forces, including some 16 million during World War II alone. These service members include 31 of the 45 Presidents.

Well over 1 million have died in the vast majority in just two conflicts: The Civil War and World War II. If fact the single bloodiest day in US Military history was the Battle of Antietam Creek during the Civil War where a combined total of 27,717 lost their lives. These war heroes understood how preserving the Union was absolute to the survival of the United States just as all Veterans who have inherited the cause to protect and defend our country.

Our veterans come from all walks of life; ethnicity, religion, gender and economic status. They all fought side by side as brothers and sisters. And, incidentally, Great Britain, France, Australia and Canada also commemorate their veterans of World War I and World War II on or near November 11th.

Veterans Today

- 18.2 million living veterans served during at least one war as of 2018.
- 9 percent of veterans are women.
- 7 million veterans served during the Viet Nam War.
- 3 million veterans have served in support of the War on Terrorism.
- Of the 16 million Americans who served during World War II, about 496,777 were still alive as of 2018.
- Connecticut was home to the highest percentage of World War II veterans as of 2018 at 7.1 percent.
- 2 million veterans served during the Korean War.
- As of 2017, the top three states with the highest percentage of Veterans were Alaska, Maine and Montana, respectively.

For the veteran, thank you for bravely doing what you're called to do so we can safely do what we're free to do." – **Unknown**
