MESSAGE FROM THE PRESIDENT

It has been said many times that our "Greatest Generation" lived during the second World War. After initially desiring to remain neutral, we were attacked by the Japanese on December 7, 1941. The US declared war on the Japanese Empire the next day, December 8, 1941. Four days later, Germany declared war on the US.

As we celebrate Memorial Day with our amazing program today, I started to wonder how Rotary conducted and/or even survived during this time. We know our club was chartered in 1923 and by the time of World War 2, Rotary was already a recognized International service club.

The Rotary Club of Birmingham England has written history of Rotary during this time and I will quote directly from their site with an article entitled:

ANXIOUS TIMES FOR ROTARY – WORLD WAR II

Leading up to the United States' involvement in World War II, Rotary International was finding its very existence threatened in Europe. On the other side of the world the news was equally grim. As the Japanese invaded China, Rotary clubs in that region were forced to close, and the war officially erupted, entire countries fell to German or Japanese forces. It was said (in A Century of Service – The Story of Rotary International) that "484 clubs and 16,700 Rotarians were wiped off the rolls of Rotary" during this time.

In Europe, Rotary records were seized by the Gestapo and Rotarians were imprisoned. In Warsaw twelve members of the local Rotary Club were executed. Some Rotary clubs that were closed down found their members burning every record of membership. French Rotarians continued to meet secretly after Germany invaded that country.

As was the case in Europe, Rotary members in the Far East were also imprisoned, but in these instances, by the Japanese. It would seem that in some areas of the world during the war it was difficult at best to be a member of Rotary.

The National Park Service, who built and maintains the World War 2 memorial in Washington DC, has written a very nice article entitled:

The World War II Home Front

Realizing that a massive amount of food was needed to feed the troops, farmers from across the country went into full-production mode. Shipment after shipment was sent overseas to feed the hungry soldiers. So high was the demand for food, that it quickly became clear food rationing would have to take place within the United States. Never ones to shy away from a challenge, Americans across the country began planting "victory gardens." Twenty million of these victory gardens popped up around the country and accounted for 40% of the vegetables consumed within the U.S.

Remember "Rosie the Riveter?" Millions of women stepped into the factories to ramp up war materials production. War Bond rallies were held all over the country. Never before or since have Americans so banded together with a single purpose. This is why they are America's Greatest Generation.

I am proud that my Father was a World War 2 veteran. I have some of his mementos and he is interred at Miramar National Cemetery. I am equally proud of all the Rotarians who stepped up and undoubtedly participated in every important effort during this time.

ROTAPLAST MISSION TO AGRA INDIA

February 23 - March 8, 2020

Final Report to Rotary Club of Las Vegas

Another International Project Our Club Proudly Helped Sponsor

A team of 23 medical and supportive non-medical volunteers successfully carried out 148 cleft lip, palate, and burn scar surgical reconstructions in Agra, India this year. 82 families' lives were changed because of this international humanitarian project, all due to the generosity of 22 District Rotary clubs, 23 individual contributors, and a generous allocation from the Welles' Family Foundation through the Las Vegas Rotary Club. We partnered with the Rotary clubs in Firozabad and Agra Taj Mahal of District 3110 and co-sponsored this mission with financial assistance from another private foundation. We were fortunate to carry out the mission and travel to and from the site with no major issues related to the COVID-19 pandemic.

Of the non-medical volunteers, we were originally allocated 5 slots. As we came close to departure, we were awarded an additional slot as well as Rotaplast invited a past non-medical volunteer and former member of the Rotary Club of Las Vegas, PP Mary Ann Avnet, to join the team.

Please review the attached financial summary. Basically, the mission cost us \$51,349.32. We used the two distributions (totaling \$17,306.00) from the Villa Hermosa Mobile Home Park which were gifted to us through you from the Welles' Foundation and \$6491.09 from the one-time Welles' Foundation gift of \$98,051.21, again thanks to your club. You can be proud to indicate that Las Vegas Rotary supported this mission with just under \$23,800. If you have any questions regarding the financials, please feel free to contact me.

As you know, the Rotaplast Committee had decided to hold our next Rotaplast mission to Chitwan, Nepal on March 24-April 4, 2021. Sadly, to say but as expected, that mission as well as all Rotaplast missions through 2021, has been cancelled due to the world-wide pandemic. Coincidentally, we are not accepting non-medical volunteer application for any mission. Once Rotaplast develops a new schedule of missions, our District Rotaplast Committee will enter into an agreement with Rotaplast to co-sponsor one of them. We will inform clubs and district Rotarians at that time.

We encourage the Las Vegas Rotary to schedule a program during this upcoming year by one of our non-medical volunteers who served on our last mission to Agra, India. Your members will then realize the benefits of their generosity.

- **Kim Nyoni** introduced our speaker **Dr. Marta Meana** who serves as the President of UNLV. Described as a mission driven leader, **Dr. Meana** disclosed past events, current actions and future possibilities regarding the state of UNLV amid the pandemic. Although 1800 students were directed to return home from residential halls, 170 remained with no place to go. 3100 students graduated who will experience a delayed ceremony in December. Leadership returns to UNLV in June with staggered reentry of staff still providing mostly remote classes for summer with a hybrid solution projected to reduce density of individuals on campus. Spaces are being reconfigured along with sanitization requirements fulfilled. Budget cuts consider 3 models of 6%, 10% or 14% reductions with furloughs and additional student fees planned for the deeper cuts, guided by a special legislative session in August. UNLV sports collaboration with the Raiders will review risk mitigation strategies at Allegiant Stadium. **Dr. Meana** lauded UNLV's many department teams who stepped up to negotiate successful remote classes (about 98% student engagement) and support community commitments with public health service at the forefront.
- **President Jackie Thornhill** adjourned the meeting.

MEMORIAL DAY

Memorial Day is an American holiday, observed annually on the last Monday of May, honoring the men and women who died while serving in the U.S. military. Originally known as Decoration Day, it originated in the years following the Civil War and became an official federal holiday in 1971. Many Americans observe Memorial Day by visiting cemeteries or memorials, holding family gatherings and participating in parades. The Civil War, which ended in the spring of 1865, claimed more lives than any conflict in U.S. history and required the establishment of the country's first national cemeteries. By the late 1860s, Americans in various towns and cities had begun holding springtime tributes to these countless fallen soldiers, decorating their graves with flowers and reciting prayers. It is unclear where exactly this tradition originated; numerous different communities may have independently initiated the memorial gatherings. Nevertheless, in 1966 the federal government declared Waterloo, New York, the official birthplace of Memorial Day. Waterloo—which first celebrated the day on May 5, 1866—was chosen because it hosted an annual, communitywide event, during which businesses closed and residents decorated the graves of soldiers with flowers and flags. Memorial Day, as Decoration Day gradually came to be known, originally honored only those lost while fighting in the Civil War. But during World War I the United States found itself embroiled in another major conflict, and the holiday evolved to commemorate American military personnel who died in all wars.
