MESSAGE FROM THE PRESIDENT

We've heard it many times that "the only constant is change."

Perhaps no one understands this principle better than those who go sailing. On land, traveling is relatively simple. The ground is generally stable, and the route from point A to point B is often a straight line.

Those who sail know that the sea can be unpredictable—smooth as glass one moment and raging the next. They depend on the wind for direction and momentum, but wind does not always blow the way you want it to, and it changes frequently. With this knowledge, the sailors simply adjust their sails. Their course may not be a straight line, but it does finally bring them to their destination.

Life is more like the sea than land. Even the best planning and the most careful attention to detail cannot always account for the unexpected "winds of change." Minds change, needs change, and sometimes even our goals change. Some change is under our control, but much of it isn't. So, we adjust accordingly. The need to be flexible in times of change is just as important as having a plan in the first place.

This last 18 months have brought about much change. Rotary and our partners played a critical role in protecting communities from COVID-19, just as we did with Ebola, yellow fever, and avian flu.

Throughout Rotary's history, we have adapted to a changing world, from embracing modern technology to expanding clubs and projects to new parts of the globe. Rotarians use their creativity, ingenuity, and empathy to lead through uncertainty and forge new paths.

Reinhold Niebuhr wrote a simple prayer that today is a beloved source of peace and inspiration for millions. Many know it as the "Serenity Prayer":

*"God give us **grace** to accept with serenity the things that cannot be changed, **courage** to change the things that should be changed, and the **wisdom** to distinguish the one from the other."*

Grace, courage, and wisdom. With these vital attributes, we can deal with the inevitable changes in the wind that accompany life's journey.

The sailor who fights against the wind makes little progress. Wise sailors realize that the wind and the sea are outside their control. However, there is just enough within their control to empower them to move forward. Those who adjust and use new circumstances to their advantage can reach their desired destination, no matter how the winds blow.

May we as Rotarians continue use do what we can to navigate through these challenging times so that we can serve others and bring about much good.

Mike

THE ANGEL AWARD 2021

Last Thursday, the Las Vegas Rotary Foundation was honored to be named "Foundation of the Year" in the Vegas Inc Angel Awards. Vegas Inc honors individuals and organizations annually for their work to make Southern Nevada a better place for our families and our future. Foundation president **Bob Werner** happily accepted the award on behalf of the Foundation at the awards program, and was cheered on by many Foundation board members and Las Vegas Rotary Club members that attended.

The Giving Guide publication that was published on the awards program featured a photo of Foundation board members and a short article on its work in the community. Did you know our club has supported not only the Southern Nevada community, but people in need around the world, for nearly 100 years? In the past 25 years alone, your contributions have totaled more than \$1.5 million given directly back to our community.

Thank you to everyone who came out to show their support for the Rotary Foundation, and demonstrating to other civic-minded individuals and businesses, the important work we do in our community. It is because of you that we can help so many. A few extra copies of the Giving Guide and Angel Awards publication are available with Shawn.
