MESSAGE FROM THE PRESIDENT

As I saw the service that the members of our club were giving in many different ways last week, I paused in gratitude. I see these successful happy people so freely giving of their time and means that it brings me joy.

In 1950, Rotary International established Service Above Self as the principal motto of Rotary. The council felt those three words best convey the philosophy of unselfish volunteer service. Service Above Self means sacrifice, patience and discipline—the ability to put our desires on hold for a time—is a precious and rare virtue. In this day and age, so many believe, “We want what we want, and we want it now.” Therefore, the very idea of patience may seem unpleasant and, at times, bitter.

In 1972, psychologist Walter Mischel, a professor at Stanford University, conducted an experiment with preschool children related to patience and willpower. The participants were all recruited from Stanford University’s Bing Nursery School, which was then largely patronized by children of Stanford faculty and alumni.

In this Stanford Marshmallow Experiment, as it has come to be known, is an experimental design that measures a child’s ability to delay gratification. The child is given the option of waiting 15 minutes to get two of their preferred treats, or if not waiting for it, receiving just one treat. This time period a child waits measures their ability to delay gratification.

Only 30 percent of the preschoolers were able to wait.

It was a mildly interesting experiment, and the professor moved on to other areas of research, for, in his own words, “There are only so many things you can do with kids trying not to eat marshmallows.”

As time went on, he kept track of the children and began to notice an interesting correlation: the children who could not wait struggled later in life and had more behavioral problems, while those who waited tended to be more positive and better motivated, have higher grades and incomes, and have healthier relationships.

What started as a simple experiment with children and marshmallows became a landmark study suggesting that the ability to wait—to be patient and disciplined—was a key character trait that might predict later success in life.

As Rotarians we make many sacrifices of our time and our means. By putting service to others before satisfying our own desires, we help our communities and the world by making it a better place.

This is the true meaning of success and why Rotary is a wonderful collection of human beings who are the epitome of success.

SANTA CLOTHES

1996 - 2021

In 1996, the Las Vegas Rotary Club sponsored the first Santa Clothes program. That December, we served 35 children and goods and services contributed were \$5,250.

Last week we served **348** youth from around the Las Vegas Valley. The following Charitable Organizations worked with us to make this happen: Salvation Army, Boys & Girls Clubs, Shade Tree, Boy Scouts of America, Big Brothers & Big Sisters, St. Jude's Ranch, Y.M.C.A., Walter Bracken Elementary, Will Beckley Elementary, Walter V. Long Elementary and Howard E. Hollingsworth Elementary.

All 26 years JC Penney's has been our partner, giving us discounts on all the purchases and contributing backpacks and calculators. For the seventh year the UNLV Dental School 365 dental kits (toothpaste, toothbrush and floss).

Consider the impact and growth of the Santa Clothes program.

This year 2021, through donations of gifts and purchased shoes and winter clothing we provided needy children with goods and services valued at \$180,795.

Since 1996 the total of all the winter clothing, shoes and gifts we provided through the Santa Clothes program exceeds \$1,696,696. The total number of children we have served is now 6,345.

Children from the Salvation Army arrive for the Santa Clothes program.
