Dear Las Vegas Rotary Foundation, Inc.:

It is our honor to welcome you to the William Booth Society.

William Booth founded The Salvation Army in 1865 and changed the history of social work. The William Booth Society recognizes and unites friends and supporters whose compassion makes possible the many programs of The Salvation Army that help our neighbors in need: food for the hungry, shelter and clothing for the homeless, rent and utilities assistance, disaster relief, respite from extreme weather conditions, senior activity and outreach, adult rehabilitation, opportunities for underprivileged children, holiday assistance, and emotional and spiritual support, to name a few.

From the earliest years of The Salvation Army, many backed Booth's social service programs with major gifts. Such major gifts are needed more than ever to address the struggle faced daily by The Salvation Army to devise new approaches and strategies to give a hand up to the most vulnerable people in our communities.

The contributions of the William Booth Society members are indispensable in meeting these challenges. Your sustaining gifts to The Salvation Army often create breakthroughs in whole problem areas, as well as affect meaningful improvements, specifically in the lives of families and individuals.

We want your William Booth Society membership certificate to be accurate, so we ask that you please look it over closely and alert us of any changes that should be made so we can rectify any inconsistencies.

We encourage you to visit WilliamBoothSociety.org to find out more about the William Booth Society and how your generous gifts impact our neighbors in need. Thank you for putting your trust in The Salvation Army.

Blessings,

Lt. Colonel Ivan Wild
Divisional Commander
